EDUCATION

THE UNIVERSITY OF NORTH CAROLINA AT CHAPEL HILL
KENAN-FLAGLER BUSINESS SCHOOL
Bachelor of Science in Business Administration, December 1993.
Academic Minor in Mathematical Sciences/Computer Science.
Masters in Business Administration, August 2003.

EXPERIENCE

Jan 2004-Present

Kenan-Flagler Business School, University of North Carolina, Chapel Hill

Clinical Professor of Strategy and Entrepreneurship

- Teach "Advanced Spreadsheet Modeling" to BSBA students at UNC's Kenan-Flagler Business School.
- Teach "Advanced Spreadsheet Modeling" to Masters of Accounting students at UNC's Kenan-Flagler Business School.
- Teach "Advanced Spreadsheet Modeling" to Masters of Health Administration students at the Gillings School of Public Health.
- Provide Excel assistance to KFBS faculty, staff and students.
- Serve as faculty advisor, Alpha Kappa Psi Business Fraternity.
- Effectively teach large class sizes with high course evaluation results.
- Developed one of the first online classes at KFBS, allowing students flexibility to complete their coursework when and where it works best for them.
- Have received multiple Teaching Excellence Awards.

Aug 1997-Dec 2003

Adjunct Lecturer, Information Technology and E-Commerce

- Researched, designed and implemented a Business Computing Skills course for Kenan-Flagler undergraduates. Acted as course coordinator for six concurrent sections, and served as instructor for four of the six sections.
- Designed and taught Excel introductory training classes for Kenan-Flagler's faculty, staff, and Masters of Accounting Students.

Apr 1996-Jun 1998

Computing Consultant

- Led the re-design and modification of the logical and physical structure of the building's Token-Ring network to accommodate a greater number of network nodes and to facilitate increased network capacity and speed.
- Served as Kenan-Flagler's FACS (Function Action Control System) Coordinator, responsible for connections to University mainframe databases, supporting the PC applications used to access those records, and training staff to use the software.
- Helped execute Kenan-Flagler's move to its new building, McColl, which included the configuration and setup of over 350 computers and peripherals.

Mar 1994-Mar 1996

Computer Systems Administrator

- Diagnosed and provided solutions to hardware and software computing problems for faculty and staff. Configured and set up new computer systems and provided application and operating system.
- Managed the networked computer laboratories. Developed lab resources based on computing needs of the faculty, staff and students of the school, including online research, multimedia development and graphics design.
